

Semester Programs

Study Chinese for one or two full university semesters, while enjoying the full LTL benefits, from small classes and the highest teaching standards to excellent support, immersion and homestays. Courses take place right in the middle of the Beijing Central Business District. With hundreds of restaurants, bars and shopping opportunities right next to the school it is also an environment that will allow you to not only build relationships with other students but also with professionals and companies that will be crucial should you one day want to pursue a career in China.

The facts

- *Highest teaching standards* – LTL hires the best teachers from universities all over China for its Chinese language courses. A teacher must have spent years gaining experience at other institutions before joining the LTL teaching team and of course hold a University degree in Teaching Chinese as a Foreign Language (对外汉语).
- *Small classes* – Class size is usually 3-4 students and never more than 6, allowing students to get the individual attention during class they need.
- *Immersion* - We help you to speak Chinese outside of the classroom.
- *Support* - Before and during your course, the ever helpful LTL team is always available for help, support or any other questions you might have.
- *Accommodation* – Choose between living with a Chinese host family or in apartments shared with local Chinese students. Fees mentioned on this page do not include accommodation cost.
- *Class length* – An hour of Chinese teaching with LTL does not last 45, 55 or any other amount of minutes, but a full 60 minutes for maximum benefit of our students. As it should be.
- *Course structure* – A semester lasts for a full 18 weeks. Chinese Semester & Chinese language year include 20 hours of small group tuition per week. Intensive Semester and Intensive Chinese year include 20 hours of small group tuition plus 10 hours of one-on-one classes per week.
- *Don't pay for your text books* – The cost of your text books is already included in the price.
- *International* – At LTL there is no dominant student nationality. Your classmates might come from any country between Canada and Australia, Russia and South Africa.
